**Friday - 8 August 1958**

1. [ ] OO, called to say that OO had seen [ ]  
[ ] This had been suggested by the office of Congressman Brownson.

2. Captain Mott in the office of General Twining called to indicate great pressures on them from various Congressmen as a result of the Alsop item of 30 July. Apparently Representative Dague had raised the question of leaks of intelligence to Alsop from the Pentagon and passed the problem to Representative Gavin who in turn passed it to Representative Vinson who was raising the question with General Twining. Mott was informed that we had no suggestions but he was informed that the DCI had briefed the House CIA Subcommittee of Armed Services on 30 July 1958 and the Senate CIA Subcommittee of Armed Services on 8 August 1958. He was requested to have General Twining call the DCI if this information were to be used in a written communication to Mr. Vinson. (See note to EO/DCI of 8 August 1958.)

4. [ ] and John Warner met with Representative Armistead Selden (Ala.) to brief him on [ ] and other types of possible underground organizations. Mr. Selden had expressed an interest in this subject at the hearing on 5 August 1958. He was very pleased to have the opportunity to discuss these subjects and after an initial discussion he asked a number of other questions which we were able to answer. Under the circumstances I believe the time was well spent and at least made Mr. Selden more knowledgeable of the Agency and its activities.
